

FAMILIES BELONG TOGETHER

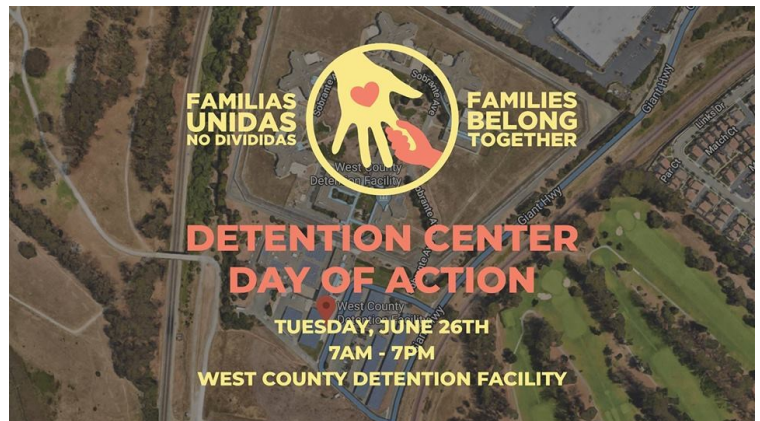

The only ICE facility in the Bay Area is located within the West County Detention Facility in Richmond, CA. Operated by the Contra Costa County Sheriff's Office, approximately 200 immigrants are detained there.

Contra Costa County Sheriff David Livingston refuses to permit local organizations and elected officials to inspect the facility. One of his deputies was recently arrested and charged with sexual assault against two inmates.

We are working with community, faith-based and civil rights organizations to protest Trump's cruel immigration policies as well as the racial disparities in our justice system that contribute to mass incarceration of people of color, particularly African-Americans.

Please join us this Tuesday, all day, as we stand against Trump's racist policies. Additional details will be posted daily, including endorsements and transportation information. **JOIN US!**
